

What the agent must never do matters more

IT MAY	IT MUST NEVER	ENFORCED BY
✓ draft narrative around figures it is given	✗ generate, round or "correct" a number	read-only tool numeric comparator
✓ explain allocation, selection and currency effects in house style	✗ treat a figure from retrieved text, memory or a parsed document as data	document-derived tag context-only rule
✓ cite approved market context	✗ present inference as source	grounding check citations
✓ propose wording, and style rules for a person to approve	✗ publish without a recorded human approval	approval interrupt
	✗ call a write, email or web tool	allow-list
	✗ send client identifiers outside the approved route	tokenisation
	✗ retrieve another fund's or client's material	entitlement filter
	✗ run on an unpinned model	version pin
